COMPARATIVE RESEARCH NETWORK:

The European Commission support for the production of this publication does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

The vision of the project is to increase the use of foreign language in the tourism sector, giving even small businesses the chance to grow and benefit of incoming guests from outside the EU.

LENT aims to map the key language needs of 4 niche sectors as a basis for a web and mobile based language application for the use of early stage language learning. The 4 niches are:

- 1) Historical tourism
- 2) Outdoor tourism
- 3) Event tourism
- 4) Culinary tourism

The project will develop a mobile and web based learning application
